## ABOUT

CSO Elite is a security solutions provider, dedicated to delivering superior security services to a wide range of industries. We are licensed, bonded and fully insured in the province of Ontario.

**Our mission** is to provide proactive and preventative security services to individuals, properties and assets. Our extensive understanding of social behaviours, wealth of knowledge and experience in avoiding and/or de-escalating tensions and altercations, as well as managing conflict resolutions in a professional manner enables us to handle all situations safely and professionally.

**We invest** in innovative technologies and continuous specialized training for all security personnel, providing you with the best advancements in the field of security.

Our security personnel are handpicked, after a comprehensive and rigorous interview process, which includes: psychological profiling, complete reference and criminal background checks, intensive interviews and licensing.

**Your safety** is of the utmost importance.

SECURITY

---

## SERVICES

We understand that security needs differ across the industry. CSO Elite offers an initial complimentary consultation for all clients. This allows us to fully understand your organization and safety needs. After our professional assessment, we will customize a security plan and quote that addresses your unique needs.

CSO Elite services a wide range of industries including but not limited to:

- Security Consulting
- High Rise Commercial Security
- Asset Protection
- Personal & Executive Protection
- Special Event Security
- Nightclub Security

To receive a complimentary security consultation, contact our main office at 647.706.0077 or via email at [info@csoelite.ca](mailto:info@csoelite.ca)

---

## SECURITY UNIT

The security personnel of CSO Elite are more than a team, we are a unit of professionals — unified, experienced and specially trained.

## TRAINING

Our comprehensive in-service training program ensure that all personnel are well prepared before beginning fieldwork.

Our approach involves a mixture of theoretical and tactical training to gurantee effective solutions. Our personnel learn to mitigate the possibility and opportunity of theft of property, or injury to persons within a facility. The program is designed to pay particular focus on:

Understanding Social Behaviours

De-escalating Situations

Conflict Management

Use of Force

Understanding and Activating Evacuation Plans

---

## SERVICE GUARANTEE

We take the satisfaction of our clients very seriously. Our Account Executives and Supervisory Personnel are available to tailor a security and safety plan that best suits your business.

Speak to one of our Account Executives to see how we can tailor a safety plan that fits your business' needs. We will walk you through every stage of the process.

---
